

## How to find us

From the North & South:

Exit the M6 at Junction 6 of the M6 and proceed down the A38 Aston Expressway. If you remain on the inside lane this will exit the A38 Aston Expressway at the second turn off signposted the A4540 Ring Road.

After exiting the A38 Aston Expressway and on the approach to the roundabout, take the right hand lane and go around the roundabout taking the third exit down the A4540 Newtown Middleway road.

Immediately onto this road position yourself in the right hand lane and indicate down the filter lane turning into Elkington Road.

At the next junction turn right onto Miller Street which after 200 yards then becomes Shefford Road and Radshape is on the left hand side.

If there are any problems with these directions or you are unsure then please contact the number below.

**Radshape Sheet Metal Limited**

Shefford Road
